

**UPMC
Delineation of Privileges Request
Criteria Summary Sheet**

Facility: UPMC Horizon

Specialty: OBSTETRICS AND GYNECOLOGY

KNOWLEDGE	Successful Completion of an ACGME/AOA, accredited program																										
TRAINING	The successful completion of an approved (ACGME/AOA) post graduate residency program in obstetrics and gynecology.																										
CERTIFICATION	Board Certification per Policy on Appointment, Reappointment, and Clinical Privileges of UPMC Horizon																										
OTHER	<p>If the following privileges are requested, they must be approved by the section leader of radiology: (must provide documentation of education, training, experience, and current clinical competency)</p> <ul style="list-style-type: none"> ▪ Obstetric ultrasound imaging (for evaluation, not official interpretation) <p style="text-align: center;">Special Request Privileges</p> <p>In order for these requests to be granted, the applicant must provide documentation of specialized or fellowship training and documentation of satisfactory performance of the procedure. Documentation may be in the form of continuing medical education, a letter from a training program director and/or documentation of clinical experience.</p> <table style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="text-align: left;">Privilege</th> <th style="text-align: right;">Suggested Level of Activity for granting initial privileges</th> </tr> </thead> <tbody> <tr> <td>▪ Laparoscopic assisted vaginal hysterectomy</td> <td style="text-align: right;">5</td> </tr> <tr> <td>▪ Laparoscopic bladder suspension</td> <td style="text-align: right;">5</td> </tr> <tr> <td>▪ Laparoscopic appendectomy (with gynecologic surgery)</td> <td style="text-align: right;">5</td> </tr> <tr> <td>▪ Surgical treatment of conditions or diseases of the mammary glands</td> <td style="text-align: right;">5</td> </tr> <tr> <td>▪ Transcervical balloon tuboplasty</td> <td style="text-align: right;">5</td> </tr> <tr> <td>▪ Gynecologic surgical laser</td> <td style="text-align: right;">5</td> </tr> <tr> <td>▪ Radical procedures including radical hysterectomy, radical vulvectomy with inguinal node dissection</td> <td style="text-align: right;">5</td> </tr> <tr> <td>▪ Bowel repair in association with intra-abdominal gynecologic surgery</td> <td style="text-align: right;">5</td> </tr> <tr> <td>▪ Tuboplasty procedures</td> <td style="text-align: right;">5</td> </tr> <tr> <td>▪ Operative hysteroscopy</td> <td style="text-align: right;">5</td> </tr> <tr> <td>▪ Urethroscopy and cystoscopy (with urogynecologic procedures)</td> <td style="text-align: right;">5</td> </tr> <tr> <td>▪ Conscious Sedation</td> <td style="text-align: right;">5 (in last 12mo)</td> </tr> </tbody> </table>	Privilege	Suggested Level of Activity for granting initial privileges	▪ Laparoscopic assisted vaginal hysterectomy	5	▪ Laparoscopic bladder suspension	5	▪ Laparoscopic appendectomy (with gynecologic surgery)	5	▪ Surgical treatment of conditions or diseases of the mammary glands	5	▪ Transcervical balloon tuboplasty	5	▪ Gynecologic surgical laser	5	▪ Radical procedures including radical hysterectomy, radical vulvectomy with inguinal node dissection	5	▪ Bowel repair in association with intra-abdominal gynecologic surgery	5	▪ Tuboplasty procedures	5	▪ Operative hysteroscopy	5	▪ Urethroscopy and cystoscopy (with urogynecologic procedures)	5	▪ Conscious Sedation	5 (in last 12mo)
Privilege	Suggested Level of Activity for granting initial privileges																										
▪ Laparoscopic assisted vaginal hysterectomy	5																										
▪ Laparoscopic bladder suspension	5																										
▪ Laparoscopic appendectomy (with gynecologic surgery)	5																										
▪ Surgical treatment of conditions or diseases of the mammary glands	5																										
▪ Transcervical balloon tuboplasty	5																										
▪ Gynecologic surgical laser	5																										
▪ Radical procedures including radical hysterectomy, radical vulvectomy with inguinal node dissection	5																										
▪ Bowel repair in association with intra-abdominal gynecologic surgery	5																										
▪ Tuboplasty procedures	5																										
▪ Operative hysteroscopy	5																										
▪ Urethroscopy and cystoscopy (with urogynecologic procedures)	5																										
▪ Conscious Sedation	5 (in last 12mo)																										

MODERATE (CONSCIOUS) SEDATION

Documentation of all training and experience to perform the requested privilege must be supplied

All qualifications and satisfactory patient outcomes must be validated in writing.

The applicant's training and experience must meet one of the following criteria prior to consideration of the request:

1. Moderate (Conscious) sedation performed as part of residency training and at least 10 cases performed as the primary physician in the last 24 months. **(5 cases/12 months)**
OR
2. Physician has Moderate (Conscious) Sedation privileges at another hospital and has performed at least 10 cases in the last 24 months. **(5 cases/12 months)**
OR
3. Physician has administered Moderate (Conscious) Sedation at least 10 times in the last 24 months at UPMC Horizon. **(5 times in 12 months)**
OR
4. Physician currently holds an Anesthesia Unrestricted Permit Certified by the Commonwealth of Pennsylvania and has administered Moderate (Conscious) Sedation at least 10 times in the last 24 months. **(5 times in 12 months)**
OR
5. Physician has successfully completed the educational program "Practice Guidelines for Sedation and Analgesia by non-Anesthesiologists" and requests provisional privileges pending the successful completion of monitored administration of 10 Moderate (Conscious) Sedation cases within 24 months. **(5 cases in 12 months)** (Includes physicians who previously have been granted Moderate (Conscious) Sedation Privileges however cannot provide evidence of experience / outcomes in the past 12 months.)

AND

	<p>6. Physician is qualified to rescue patients who unavoidably or unintentionally slip into a deeper-than-desired level of sedation. At a minimum, physician must have (in addition to one of the above) current basic life support certification for airway management.</p> <p><u>GENERAL LASER SURGERY</u></p> <p>Education: M.D., D.O., D.M.D., D.D.S., D.P.M.</p> <p>Training: The applicant must be able to demonstrate successful completion of an approved residency program in general surgery or a surgical subspecialty (with exceptions made for practitioners such as dermatologists and podiatrists). The applicant must also have participated in at least 10 hours of residency/post-graduate education concerning laser physics, indications, equipment use, and complications</p> <p>Experience: The applicant must provide evidence that during the education/training, hands-on application of the laser was included. The suggested level of activity for initial granting /renewal of privileges is five (5) procedures in 12 months.</p> <p>Proctoring will be required for those not meeting the suggested level of activity. Proctoring will continue until the practitioner has successfully reached the suggested 12 month activity level (5).</p> <p>References: A letter of reference must come from the department chairman or another appropriate physician at the hospital/organization where the physician currently holds laser privileges, or from the director of the physician's residency program, or continuing medical education course director.</p> <p>Reappointment: Reappointment will be recommended according to the "Policy on Appointment, Reappointment and Clinical Privileges." Consideration will be given to continuing medical education programs that cover developments in the use of this facility's type of laser, and actual results of laser usage during the past 12 months.</p>
